ABOUT PEREGRINO & AGUILAR

We're a company that provides consulting services. We specialize in three fields. The first one is accounting, taxes, and administration; the second is human resources, which relates to payroll, resources, and outsourcing; and the third is the legal area, where lawsuits, non-judicial debt collection procedures, and legal services are managed.

The company has grown steadily because we always strive for top quality in each of the services we offer. It's by word of mouth that our company has grown.

1 ACCOUNTING, TAXES, AND ADMINISTRATION

2 HUMAN RESOURCES

3 LEGAL AREA

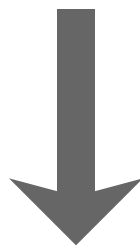

“OUR WORK IS OUR MAIN REFERRAL SOURCE.”

More than a problem, P&A was looking for an efficient solution that would allow them to keep in touch with their clients.

It was in this way that they came to Nuxiba and found the solution that best adapted to all their needs and that had the features they needed.

WHY REMINDER?

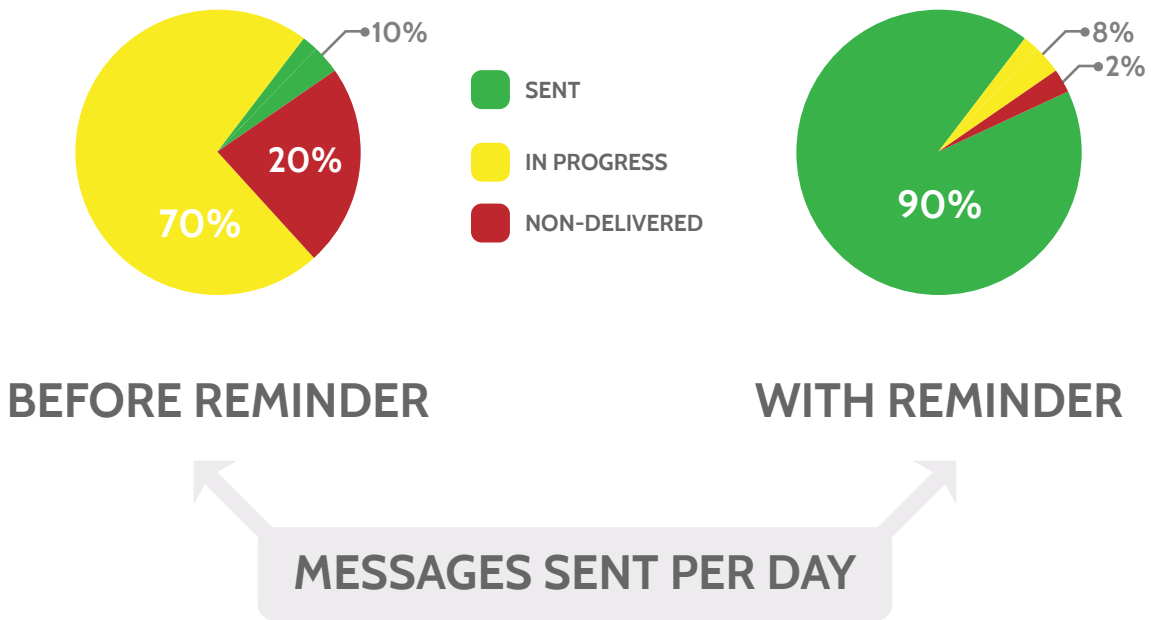

“We like that it integrates well with our system and that databases are uploaded easily. It’s a reliable platform and its reports help me make decisions. Another thing is the growth we’ve experienced and that I can verify that the text messages we need to send are delivered to the corresponding recipients without any problems.”

“We’ve tried many providers, but Nuxiba is the one that always offers answers in due time and form.”

RESULTS

“Thanks to the results we achieve with Nuxiba, we’ve grown the number of messages we sent on a daily basis from 100 thousand to 1 million.”

That’s how Reminder has become a reliable and indispensable tool for our customers.

ABOUT REMINDER BY NUXIBA

WHAT IS REMINDER?

Reminder is an advanced automatic contact center software capable of sending Bulk SMS and Voice broadcasting audio messages over a secure network.

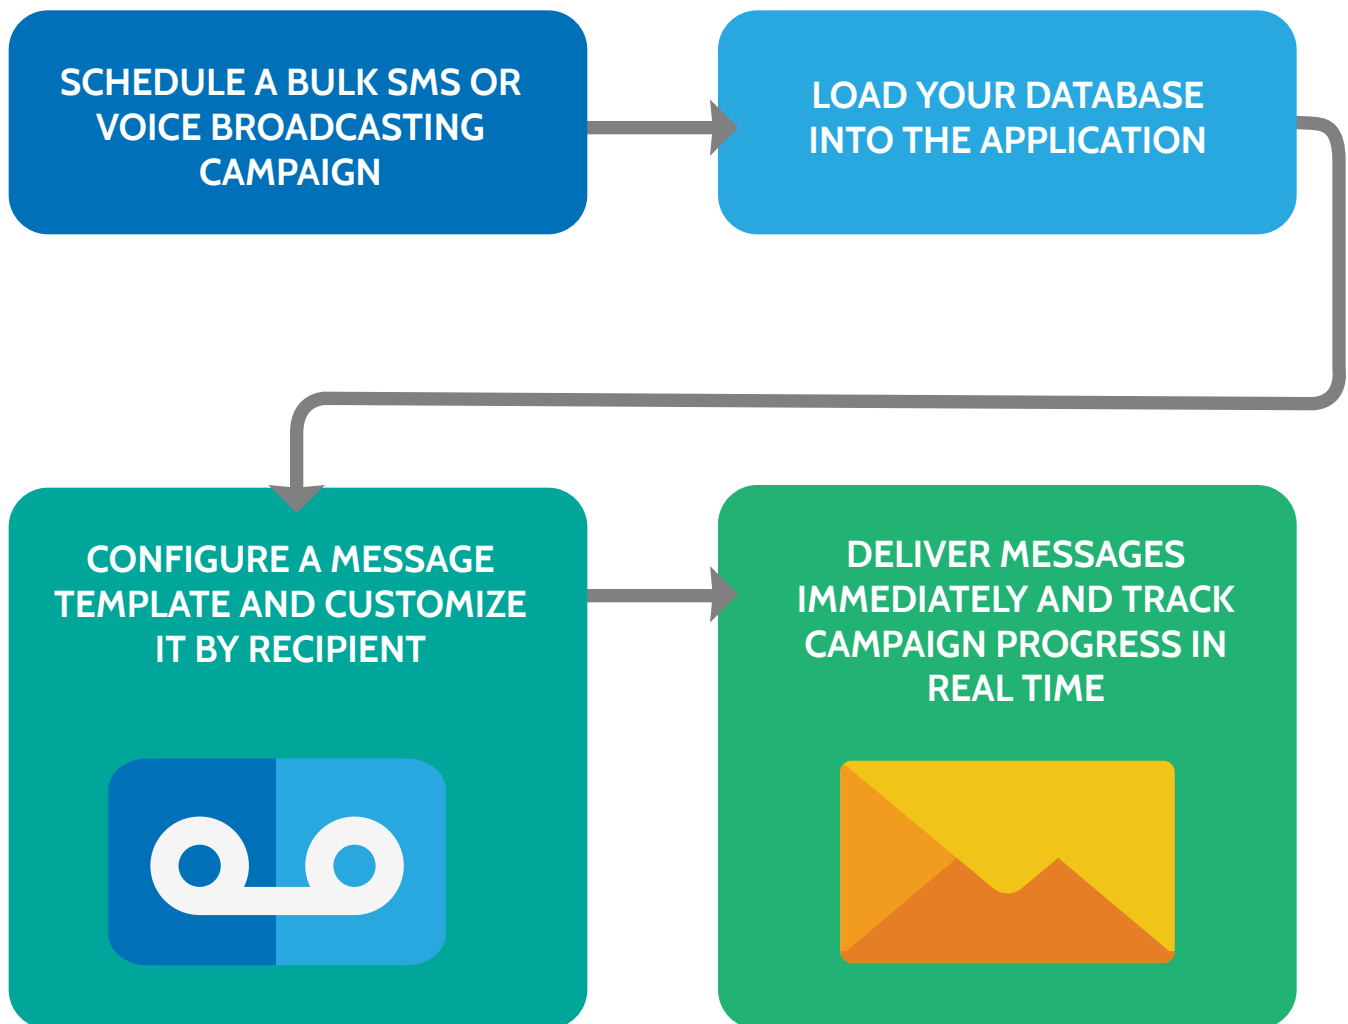

This platform can help you to:

- Send text or voice messages to large distribution lists over mobile or landline networks
- Create and disseminate messages for marketing, advertising, debt collection, and more
- Share information with management clients and prospects
- Run detailed reports to measure delivery and contact rates by campaign.

Broadcast voice messages and transfer recipients your contact center. Monitor campaign progress and agent statistics in real time!
